 Have you ever been a Prince's Lakes Water Utility customer before? Yes \_\_\_\_\_ No \_\_\_\_\_  
 If yes, under what name? \_\_\_\_\_ When? \_\_\_\_\_

\_\_\_\_\_ New Home                      \_\_\_\_\_ Re-connection                      \_\_\_\_\_ Meter Size  
 \_\_\_\_\_ Residence                      \_\_\_\_\_ Business                      \_\_\_\_\_ Other  
 \_\_\_\_\_ Hook-up Fee                      \_\_\_\_\_ Aid in Construction                      \_\_\_\_\_ Meter Deposit

In consideration of water service to be furnished, I (we) agree to abide by rules and regulation governing the operation of the Prince's Lakes Water & Sewage Utility, which have been approved by the Indiana Utility Regulatory Commission of the State of Indiana, a copy of which is on file for public inspection in the office of the Clerk-Treasurer.

Basic charge for connection to the water system includes furnishing and installing by the utility, a standard 5/8 to 3/4 inch meter, meter pit with lid and approved piping not to exceed 75 feet in length, to connect with the boundary of his premises nearest the water main. For service in excess of the above, the customer will pay the additional cost of material and labor as determined by the utility.

All piping shall be 160Psi test and customer shall install a master shut off valve inside the house. All service piping from the meter should be type "K" copper or approved plastic material (in copper tube size) having a working pressure rating of not less than 160Psi. No service piping shall be used unless it bears the quality seal of the National Sanitation Foundation. No service piping less than 3/4 in. may be used.

By signing this application I certify that I am the legal titleholder of record for the afore mentioned property.
